More about the WUSC Student Refugee Program

The Student Refugee Program (SRP), managed by the World University Service of Canada, is a resettlement program that provides opportunities for refugees to continue their post-secondary studies in Canada. Refugees sponsored through the program become Permanent Residents when they arrive in Canada.

WUSC Local Committees made up of students, staff and faculty on university and college campuses across Canada support the SRP. The Committees sponsor refugee students and arrange financial and social support during their first year in Canada.

Note that the SRP is **NOT** a scholarship program. Sponsored students do not receive cash to study. Financial assistance is provided "in kind" for one year to cover tuition fees, food and accommodation, in addition to a small allowance to buy basic necessities. After the first year, students are often required to apply for grants, scholarships, or student loans that all Canadians and Permanent Residents have access to in order to finance the remainder of their studies.
